

product type designation

product description

Distance piece MDS D139

Support for mounting heat-resistant transponders with 30 mm distance to metal
MOBY D spacer for MDS D139.

suitability for use	The support and transponder are mounted using an M5 screw
suitability for operation	for holding the transponders MDS D139/D339
mechanical data	
material	PPS
color	black
ambient conditions	
ambient temperature	
• during operation	-40 ... +220 °C
• during storage	-40 ... +220 °C
• during transport	-40 ... +220 °C
design, dimensions and weights	
height	30 mm
diameter	85 mm
net weight	80 g

Security information	
security information	Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry . Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert . (V4.7)
